

Houston Health *Success*

Mr. and Mrs. Balderas

Mr. Balderas first contacted Care Connection in 2018 for utility assistance. He was connected with a community program and received approximately \$500 in assistance.

He sought help again in 2019 and received approximately \$800 in assistance.

When Mrs. Balderas fell and broke her hip, Care Connection helped connect Mr. Balderas with respite care for his wife so he could carry on with daily tasks.

Living on a fixed income, the Balderas are grateful for the help and hope to spread the word about how Care Connection made a difference in their lives.
