

CARE CONNECTION  
Aging & Disability Resource Center

# Houston Health *Success*

On October 17, 2022, Care Connection Aging and Disability Resource Center, received a call from Mr. Juan Nunez. Mr. Nunez is a person with limited mobility and was in need of a wheelchair and a shower care. With the help of one of our caring ADRC staff member, who collaborated with an organization called Medical Bridges, Mr. Nunez was able to receive a wheelchair. The wheelchair was delivered to him successfully. Mr. Nunez also received a generous anonymous donation of a shower chair. With the help of his caregiver, he was able to come to the Care Connection's office to pick up the shower chair. He is grateful for medical equipment he received and the caring staff at Care Connection.
