

CARE CONNECTION
Aging & Disability Resource Center

Houston Health *Success*

Care Connection received a call from a caregiver, who initially inquired about financial assistance resources for her brother who has a disability. She ended up learning about the ADRC Lifespan Respite program. She was referred to the Respite coordinator for eligibility screening and was qualified for the program. The caregiver was overwhelmed with gratitude as she was not expecting to get this type of assistance when she called. She now has an opportunity to take a short break from her caregiving responsibilities, thanks to the ADRC Lifespan Respite Program.
